SPECIFICATIONS

STYLE Belgian cherry beer, aged on cherries

LOOK Warm, deep red colour with a reddish-brown head

AROMA Delicious aromas of red fruit arise when pouring the beer. A hint of marzipan (almond) blends with the aroma of dark cherries.

TASTE You immediately taste a refreshing sourness that turns into a pleasant, sweet aftertaste: the perfect balance between sweet and sour. With its alcohol content of 6%, this fruity beer has the body that is needed for the different flavours, and an amazingly long finish.
